OUR **MANUFACTURING** DOSES

Tablets

With 2 automatic granulation lines and 5 high speed rotary tablet compression lines with bi-layered attachment in place, we are capable of manufacturing 150 million tablets per month inclusive of packing and distribution. What more? We have 3 coating units and 6 packing lines in place to ensure speedy and quality manufacturing. Our packing lines includes blister, ALU-ALU foil and strips.

Capsules

At accretion, we have fully automated capsule filling machine ct-70, which enable us to have formulation of hard dry capsule without human contact. The automated process helps us in speedy polishing and sorting. We have facility to encapsulate powder as well as pellets in gelatine based / HPMC based (vegetarian) capsule. We also have extra semi-automated line for capsule filling. Total output for capsule section is around 50 million per month.

Oral Liquids

We are a preeminent oral liquid manufacturing company capable of manufacturing 2 million bottles of oral liquids every month which includes both packing and distribution. Within 500, 1000 and 2000 litres of fully automated manufacturing plants is place, we can manufacture syrup, suspension and solution of variable batch sizes.

External Preparation

We are having 500kg fully automated manufacturing plant for external preparations such as cream, gel, lotion, ointment and medicated shampoo. We have state-of-art linear filling line for tubes and jars with capacity of 1 million tubes in a month. Other than semi-solid form, we are also providing dusting powder and mouthwash in external preparations.

Oral Powder

On account of an astronomical manufacturing capacity, Accretion is capable of manufacturing, packing and distribution 1 million BOTTLE & POUCH every month.

OUR TEAM

Accretion has scaled the height of success in 6 years. Courtesy: patronage and vision of a management team with acute technical acumen. With combined experience of all the "4 directors", Accretion has concreted its own place in the industry and generates revenue for its esteemed clientele worldwide.
